

The following presentations are being made only to, and is only directed at, persons to whom such presentation may lawfully be communicated ("relevant persons").

Any person who is not a relevant person should not act or rely on these presentations or any of its contents. Information in the following presentations relating to the price at which relevant investments have been bought or sold in the past or the yield on such investments cannot be relied upon as a guide to the future performance of such investments.

This presentation does not constitute an offering of securities or otherwise constitute an invitation or inducement to any person to underwrite, subscribe for or otherwise acquire securities in any company within the Telenor Group.

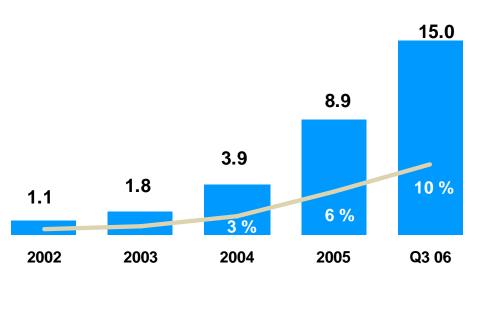

The release, publication or distribution of this presentation in certain jurisdictions may be restricted by law, and therefore persons in such jurisdictions into which this presentation is released, published or distributed should inform themselves about, and observe, such restrictions.

The presentation contain statements regarding the future in connection with Telenor's growth initiatives, profit figures, outlook, strategies and objectives. All statements regarding the future are subject to inherent risks and uncertainties, and many factors can lead to actual profits and developments deviating substantially from what has been expressed or implied in such statements. These factors include the risk factors relating to Telenor's activities described in Telenor's 2005 Annual Report on Form 20-F filed with the Securities and Exchange Commission in the USA under the headings "Cautionary Statement Regarding Forward-Looking Statements" and "Risk Factors" (available at www.telenor.com/ir/).

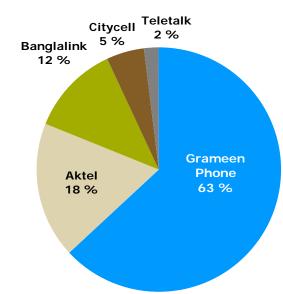

Superior Position in a Booming Market

Total Mobile Market

Subscriptions — Penetration

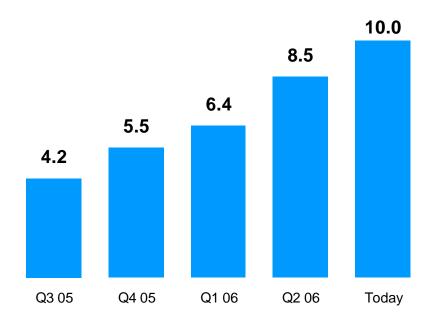

Market share
